

2022 COLOR AND WATER MEDIA WORKSHOP

The emphasis of this workshop will be color and watermedia. Stephen Quiller will work with watercolor primarily and with some opaque gouache the first two days of the seminar and emphasize color relationships, mixing, and harmony. The last day he will use acrylic in a watermedia approach while still emphasizing color. However, painters can work with watercolor and a tube of white gouache and get by or use any of the other watermedia (casein or gouache). Steve's two books on color, "Color Choices" and "Painter's Guide to Color" as well as his new book "Water Media Painting with Stephen Quiller" and "Casein Painting With Stephen Quiller" will be used for reference.

Materials- Everyone working in watercolor should have a Standard Quiller Palette or the Quiller Travel Palette.

A set of watercolors corresponding to this list. I will be using the new Stephen Quiller Watercolors. Other brands will be fine if colors correspond to these.

Cadmium yellow light, Permanent orange, Cadmium red-orange, Cadmium red medium, Quinacridone rose, Manganese violet or Magenta, Ultramarine violet (Quiller or M. Graham brand), Ultramarine blue deep, phthalocyanine blue, Richeson phthalo turquoise, phthalo green, permanent green light- also Naples yellow, Cerulean blue, and Cobalt violet, manganese violet, viridian (M. Graham) and a tube of white gouache.

Students working in acrylic should have a similar set of acrylic standard or heavy body colors.
