## Painting Fresh & Expressive Watercolors

**Sign Up Today! All Levels**

Emphasis will be on creating stronger paintings through a better understanding of value relationships and design principles. Tom will share his thoughts on how color can play a more meaningful role in our paintings and how he creates interpretive watercolors that are fresh and dynamic. Subjects for this workshop may include the following: landscape, waterscape, urban landscape and the figure. Each morning begins with a discussion about the day's topic, followed by a full demonstration and exercises aimed at helping students better understand certain concepts. Afternoons are reserved for student painting time during which Tom attends to each student individually. Daily critiques will be scheduled.
